

You may have heard the news lately about the proposed tennis center at Joe Creason park. If this were to happen, some changes need to be made on KY Route 1703, specifically at the Newburg Rd and Trevillian Way intersection. Attached is my suggestion.

Also, I am suggesting a cut through road at Nightingale Road to Ky Route 1703.

Both suggestions have been needed for decades. See the attached and thank you for your consideration and all that you do!

Create a right and left turning lane on Trevillian Way by purchasing 1601 Trevillian Way using eminent domain.

Create a right turning lane on Newburg Road south turning right onto Trevillian Way.
